Welcome back to ECMA award winner and NB Country Hall of Fame Inductee, Al Hooper and his lovely wife Brenda. Al has been with several record labels over the years and had a very successful band in Toronto called the "The Blue Diamond Band". Since his move back to New Brunswick he has continued singing and recording with his wife Brenda and they have gained rave reviews and major air play all over the world. During the summer months in Canada, they perform extensively at venues, fairs, festivals and TV promotions. They head south for the winter and continue a very active performance schedule.

Living Water

'Living Water', through their Gospel message in song, provides spiritual uplifting to weary and worn souls. Their beautiful melodies bring a message of hope that will put a spring in your step and a twinkle in your eye for each new day. Just as laughter is good for the soul, a magical blend of three part harmony will warm your heart. Betty Ann Condley, Dwight Bond and Dorothea Bagley perform toe-tapping, smile worthy, enlightening songs of praise. We warmly welcome them to their inaugural performance at the Fundy Trail Concert on the Green.

Sunday, July 31st

Ralph and Lynn Henderson

Ralph is one of New Brunswick's most beloved entertainers. His dynamic Johnny Cash, Waylon Jennings, Willie Nelson singer/guitar picker style, is unsurpassed. For the past 5 years Ralph has been performing with his wife Lynn and they are now considered New Brunswick's own Johnny Cash and June Carter Cash. Their combined natural charm will have you believe that you touched down in Nashville. They're joined on stage by the multi-talented Denny James and Bob Burgess.

Don't miss this performance!
