The knowledgeable staff at the Fundy Trail will help you get the most out of your visit whether you have an hour or all day!

# MAP and GUIDE

## WELCOME TO THE FUNDY TRAIL!

- Fundy Trail is a 2,559 hectare (6,323 acre) park featuring a 19 km (12 mile) driving parkway. It is operated by the Fundy Trail Development Authority, a not-for-profit charitable organization.
- The Fundy Trail provides opportunities for you to seek out pristine beaches, tumbling waterfalls, Precambrian rocks, and to see cliffs that tower at the edge of the world famous Bay of Fundy, home to the world's highest tides. You'll even have the chance to be one of the first to explore Long Beach as visitors are now able to drive the parkway right to the parking lot at P12 adjacent to the beach. Long Beach is a 2.5 km tidal beach that lets you wander the ocean floor at low tide!
- The Fundy Trail now lays claim to being part of two UNESCO-designated sites, Stonehammer Global Geopark and the Fundy Biosphere Reserve. The parkway travels through 251-million-year-old rock and gives way to breathtaking coastal views.
- Stop by the Big Salmon River Interpretation Centre to learn

about the local history and the prosperous lumbering and shipbuilding community that once was Big Salmon River. There are also washroom facilities, historical pictures, a snack shop and a small gift boutique.

- **Please remember** to adhere to the posted speed limit signs, mostly 30 or 40 km/hour. This is a chip-sealed parkway with loose gravel. Do not follow close behind another vehicle to be safe and to avoid rock chips. When hiking, please keep to the trails, leave no trace and take only photos. Respect all wildlife. Place litter in bins. Drivers please watch for bicyclists and walkers. Bicyclists, please respect trail walkers and joggers. All pets must be kept on a leash. We ask for visitors to *respect park rules and hours and be at the gate prior to closing time as that is when the gate will be locked.*
- It is a large park to maintain and we do our best with a small staff, however, if you see something that needs attention, we would appreciate hearing from you. We hope that you enjoy your day here and that you are able to come back soon!

### FIRST TIME VISITING THE TRAIL? Here are some suggestions for you to consider:

- **Fownes Head** – stop here and walk the Flower Pot Rock Scenic Path.
- **Fuller Falls** – view the falls from the upper observation deck or walk down the cable ladder to get a closer look.
- **Interpretive Centre** – view the historic photos of the community of Big Salmon River and talk with one of our knowledgeable interpreters.
- **Suspension Foot Bridge** – cross the 84-m suspension bridge at Big Salmon River.
- **Long Beach Brook Falls** – hike a moderate to strenuous 0.7 km trail to view our newest waterfalls, now part of our extended parkway.
- **Long Beach** – visit New Brunswick's Newest Beach – newest accessible beach, that is! You can now drive 19 km of parkway and park adjacent to this beach rather than have to hike to it ... but you still can if you would rather! Visit this 2.5 km beach that extends out .5 km at low tide!

### TRAIL LEVEL OF DIFFICULTY

#### EASY – TRAILS **A** **B** and **E**

For those who feel comfortable walking 2 to 4 hours a day on mainly level terrain. Leisurely paced with ample time to enjoy the culture and countryside.

#### MODERATE – TRAILS **C** **D** **G** and **I**

For those who feel comfortable walking 2 to 5 hours a day. Walking trails can include smooth and/or uneven footpaths and some ascents up to 400 feet.

#### CHALLENGING/STRENUOUS

#### TRAILS **F** **H** and **J**

For more experienced hikers who feel comfortable walking 3 to 6 hours a day. Trails have an uneven terrain with some steeper ascents from 1,000 to 2,400 feet. You need to be in good physical condition to fully enjoy the challenges of this classification.
